The Loyalty Song

(Alma Mater)

To Huntington we pledge
Our loyalty and love
We sing our praises and banner raise
All other schools above
All hail to thee thrice hail
Our courage never fail
Victorious hearts shall ever prevail for
Huntington.

Dedication

With the realization that we have reached this milestone of our career because of your:

PRAYERS for our success
CONSTANT encouragement
FAITH in our ability
INFINITE patience
UNTIRING efforts
and
MANY sacrifices

We dedicate THE 1957 HUNTINGTONIAN to you—
Our PARENTS and TEACHERS.

Within These Walls

These walls harbor many of our secrets, our hopes and our aspirations. Here we've known success; we've experienced defeat; we've heard the sound of laughter; we've felt the sting of tears; we've worked hard and we've played happily together. For many of us these have been five of the most pleasant years of our lives.

In the following pages we have tried to depict through the media of pictures and words some of the most important activities that have taken place during our years, particularly the last one, within these walls.

Principal's Message

To the graduates of 1957, it is a pleasure for me to extend greetings to you who are completing your secondary education this year. You have just reasons to be proud of the accomplishments represented by your graduation.

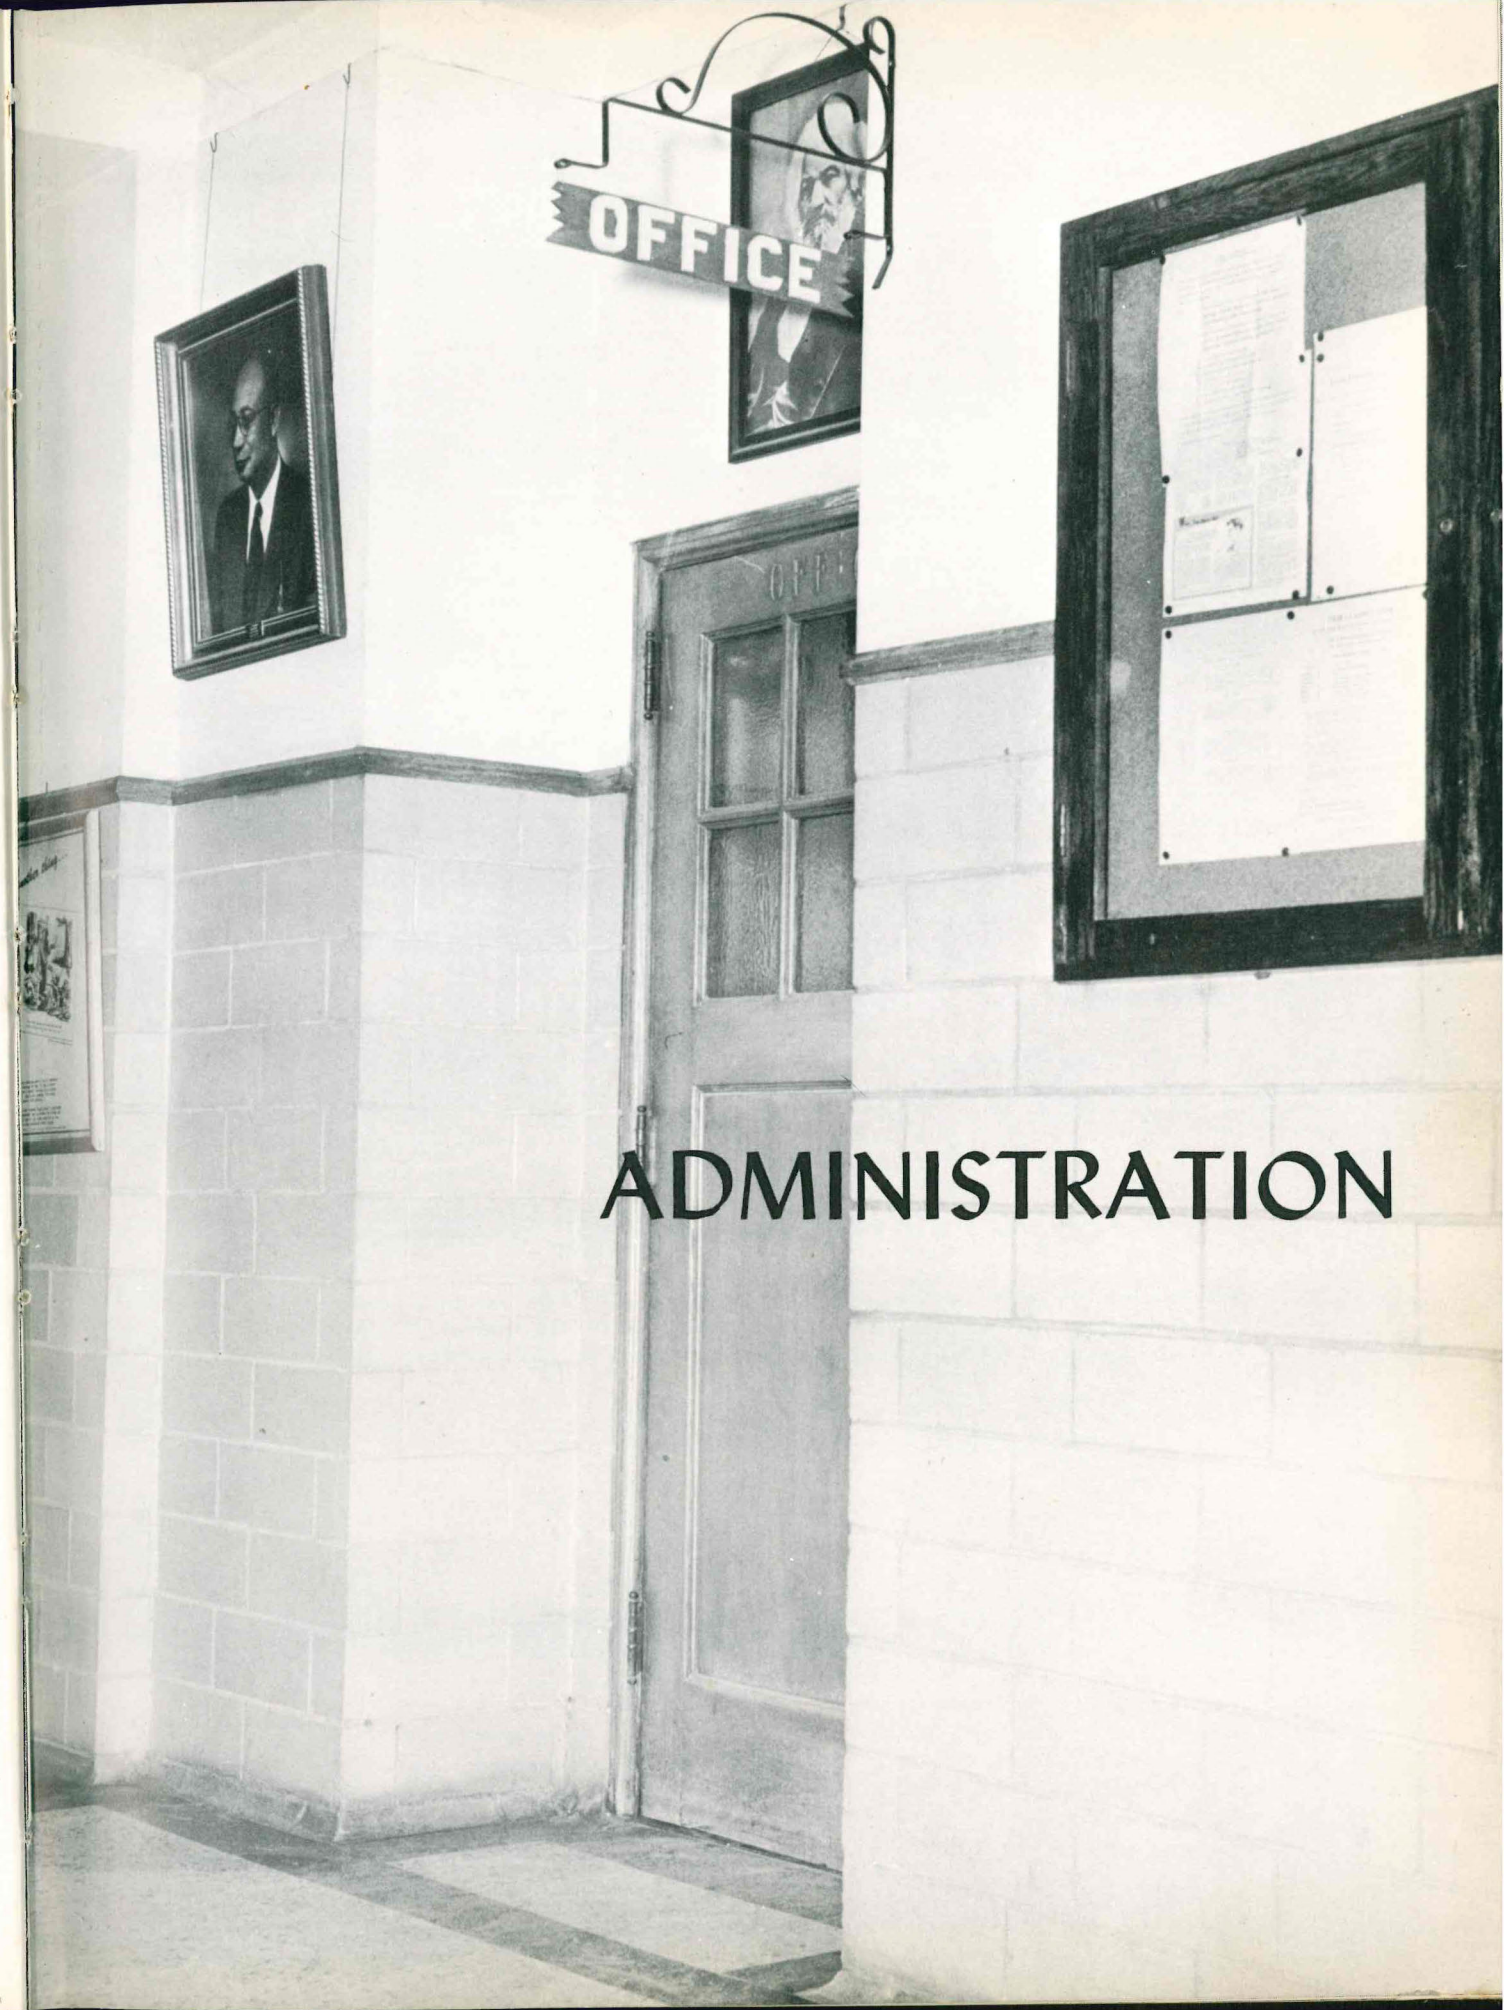

It will soon be yours to assume the role of responsible adult citizens. Those of us who have gone before have bequeathed to you a sorry social inheritance. We have been so concerned with planting the seeds of selfishness, fear, and distrust that the principles of peace have been woefully neglected.

The industrial and social structures of the American economy abound with countless opportunities for each of you to locate some gainful form of occupation in which to earn an honorable living. Remember that your best demands a constant and diligent application to the task at hand and a persistent drive to improve.

Life is a social venture; no man stands alone. There will always be direct or indirect contact with others. Accord such friendship, dignity, and respect to others as you wish for yourselves.

We trust that the loyalty and love that you presently have for your school and each other will grow stronger with the passing of the years.

Finally the faculty and administrative staff of your school wish that you maintain a close relationship with them and wish you to know that they stand with a ready willingness to offer such assistance as they may be able in order to insure for each of you a good life.

The purpose of the Guidance Program is to help the students to make a more satisfactory adjustment to home, school, and community life.

The Counselor is the key person in the Guidance Program. Upon the Counselor rests the responsibility of interpreting the program to the staff and pupils and making the services available to all who are able to profit by the use of these services.

The students at Huntington High school are aware of the importance of the Guidance Services and consistently avail themselves of the opportunity to use them.

The effectiveness of a Guidance Program depends upon the extent to which it meets the needs of the persons whom it is designed to serve. Our program is the results of constant co-operative planning to meet the needs of teachers and students.

The ultimate results of guidance and counseling are determined by the growth and development of those who are counseled. This growth and development are shown in the maturity of judgement and action exhibited by the students who use the Guidance Services.

Huntington participates annually in the Cadet Teachers' Program of Virginia State College. This program enables students who are seniors at the college to get actual practice, for six weeks, in teaching in their major and minor fields. As a result of the experience gained, students go into teaching better prepared to cope with classroom situations. They discover their weaknesses and strengths and in their last six weeks of life on the campus, they attempt to strengthen themselves.

Ranking Students in the 1957 Graduating Class

L.R.: Shirley Griffin, Robert Woodson, Marion Payne, Clarence Johnson, Ann Carol Raney. 2ND ROW: Ivona Faltz, Gertrude Fraser, Claude Richardson, Juanita Perry. 3RD ROW: Robert Young, Addie Perry, Wanser Sauls, Gordon Starks, Annie Batts.

While enjoying their high school days, the members of the class of 1957 did not forget their main objective in attending school. They worked and worked diligently trying to achieve scholastically; the rivalry was keen and interesting; however Clarence Johnson attained first place; Robert Woodson, second; Gertrude Fraser and Gordon Starks tied for third place. There were several ties in the class; consequently fourteen persons are listed in the upper tenth of the class.

We Studied—

You bet we did! There were times when homework seemed the greatest evil ever thought of...when you stayed up until two a.m. finishing that semester notebook that was due the next day...when you used your lunch period to study for that chemistry exam...that day you outlined those three chapters, and teacher never looked at

them! Will you every forget the time you worked all of your trig problems correctly...and found you'd done the wrong page?

Now we see that all of our struggles did accomplish something, although we do hate to acknowledge the fact.

Yes, we studied, but that is not all,...we learned.

We Received Grades

Toward the end of the marking periods we worked harder. Our grades ran from hot to cold, but we tried anyhow.

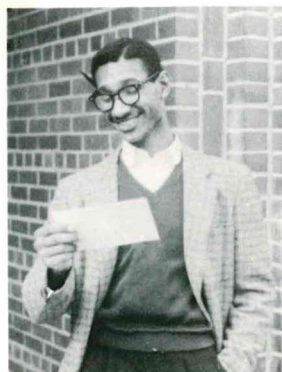

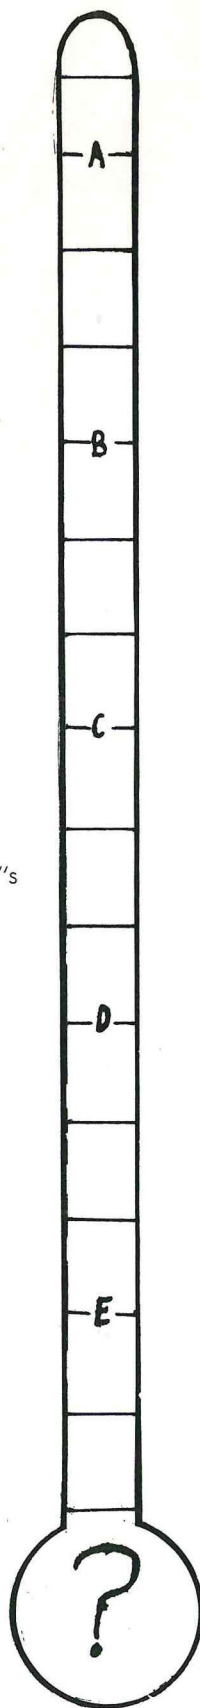

We were elated with "A"s

We were average at times with "C"s

We were too late with "E"s

We were proud of "B"s

We fell below par with "D"s

We Dreamed—

Of castles, and Kings and everyday things...Of dresses and dances and, yes, wedding rings!

We daydreamed, but some of our dreams were worthwhile. It really did seem impossible that you might one day become a famous surgeon...an engineer...a teacher. Sometimes, if you'd **ever** graduate! Now that we have come this far, the dreams we fancied while reading about the Spanish Armada or the position of French adjectives, are not as silly, as distant as they once seemed.

We Socialized—

And how! No less than two weeks after we had stamped back to dear old H.H.S., we were treated with a big social. In casual sweaters, socks, and loafers, we promenaded to the music of a host of stars (on records of course!)

With the homecoming festivities occurring a month earlier than usual we had very little time for the inevitable socializing which accompanies decorating for the big event. Pin-pierced fingers, hammer-struck thumbs, crooked seams and misplaced needles (ouch!) were all con-

sequences of our near futile attempts to mix business with pleasure. Nevertheless, Homecoming was the success it always has been!

We turned out en masse in our "party best" to dance to the music of a "live" band at the Homecoming affair. Reluctantly, but as always we bade our friends adieu at the 11th hour only to meet them again at "Harriet's"—

demolishing those delicious banana splits!

After waltzing through several veddy, veddy formal debutante balls and the Christmas and Valentine Socials, we were pretty "pooped". But there we were at the Waistline Social, tape measurers in hand—holding in our tummies—trying to get in for less than twenty cents!

Every social, party, football and basketball game will be remembered fondly for a long time—and those gab fests held in the cafeteria, the lobby, the library or any other available space, every hour on the hour, are firmly rooted in our hearts.

We rushed about—

For many of us the school day began at 7:45, for at that unearthly hour we sang foggy C's at choir rehearsal—met with sleepy committees—yawned through the band rehearsal—put the finishing touches on the homework interrupted by **Climax** the night before—and desperately crammed for that English Exam.

Then, there were those of us who broke all track records every a.m. bolting in at the "peal of the quarter-of gong." Others of us worried the office force and officials for check-ups on units, grades, etc.

We raced to every class, determined to avoid the DR (this year!)

only to discover that the much needed Government and Physics Books lay complacently in their locker beds.

We scurried about decorating for homecoming—collecting ad-

vertisements for the **Mirror** and **Huntingtonian**—getting to those endless club meetings—trying (often in vain) to obtain a choice spot in the "Long Gray Line" which assembled in the cafeteria every day at

twelve and one o'clock—that is, if you survived the noon-day rush and made it to the cafeteria!

We were busy, yet we loved every minute. To those who helped the janitors open and close school each day, we present this revised theory "All play and no work makes Jack a dull boy."

Heading the 1957 Huntingtonian Staff were Clarence Johnson and Leroy Parker, Editor and Assistant Editor. They were ably assisted by Gordon Starks and Gertrude Fraser who served as Senior Editors. Ann Carol Raney, Janice Hope, Addie Perry, and Lynwood Freeman edited the Faculty, Organization and Sports Sections. The Faculty Committee consisted of Misses Patricia Hayes, Iris Powell and L. K. Frazier, Mrs. Nancy Carter, Messieurs N. J. Pleasant, C. P. Farrar, J. W. Royster and W. N. Davis, and George Cunningham.

Pat and Peggy struggle to meet the deadline.

We Toiled

We scratched heads, stretched imaginations, clicked shutters and pounded typewriters tirelessly trying to write copy, get pictures of all events, meet deadlines and produce a yearbook that would reflect credit upon our school. However, when the final words were written and the last bit of copy mailed we heaved a sigh of relief but wondered how we would spend those extra hours.

Trudging endless miles through rain, snow and sleet, our advertising staff worked hard to help meet a huge budget.

Within These Walls . . .

We Made Friends—

Oh, sure we loved all those Physics tests . . . those English themes . . . Government outlines, and les vocabulaires de francais. However, perhaps we enjoyed most making friends.

Ah, yes, Friendship! "What is a man without a friend?" A friend to lend you lunch money when your monetary funds are temporarily exhausted . . . a friend who lent you his class notes for that day you fell asleep in Algebra . . . a friend to wear your class ring on her fourth finger-left hand . . . a friend who will keep a secret . . . a friend who shares his umbrella on a rainy day . . . a funny fellow who makes you laugh when the team has lost a game and your world is at an end . . . a friend who sympathizes when things are going wrong . . .

Life is to be fortified by many friendships. To love and to be loved, is the greatest happiness of one's existence! We will always remember fondly the warm companionship we found in friendships we made at Huntington.

Class of 1948 is honor guest at Homecoming Activities

Among the most beautiful floats was that of the Student Council.

The FTA, too, was justly proud of its gorgeous float.

Joan Orie, Robert Woodson, and Robert Young find that Physics although considered hard makes for a better understanding of our complicated environment. Here they are checking the laws of vibration using the sonometer in a classroom demonstration.

Gazing at the display of hobbies of fellow classmates causes these seniors to consider one of their own.

Claude Richardson, an enthusiastic future aeronautical engineer views a practical application of Bernoulli's principle for his experiment to be taken to the State Science Conference.

Although only a few of us dared to cross the threshold to the Solid Geometry Class those brave souls who did found the subject very interesting.

Diversified Occupation Program

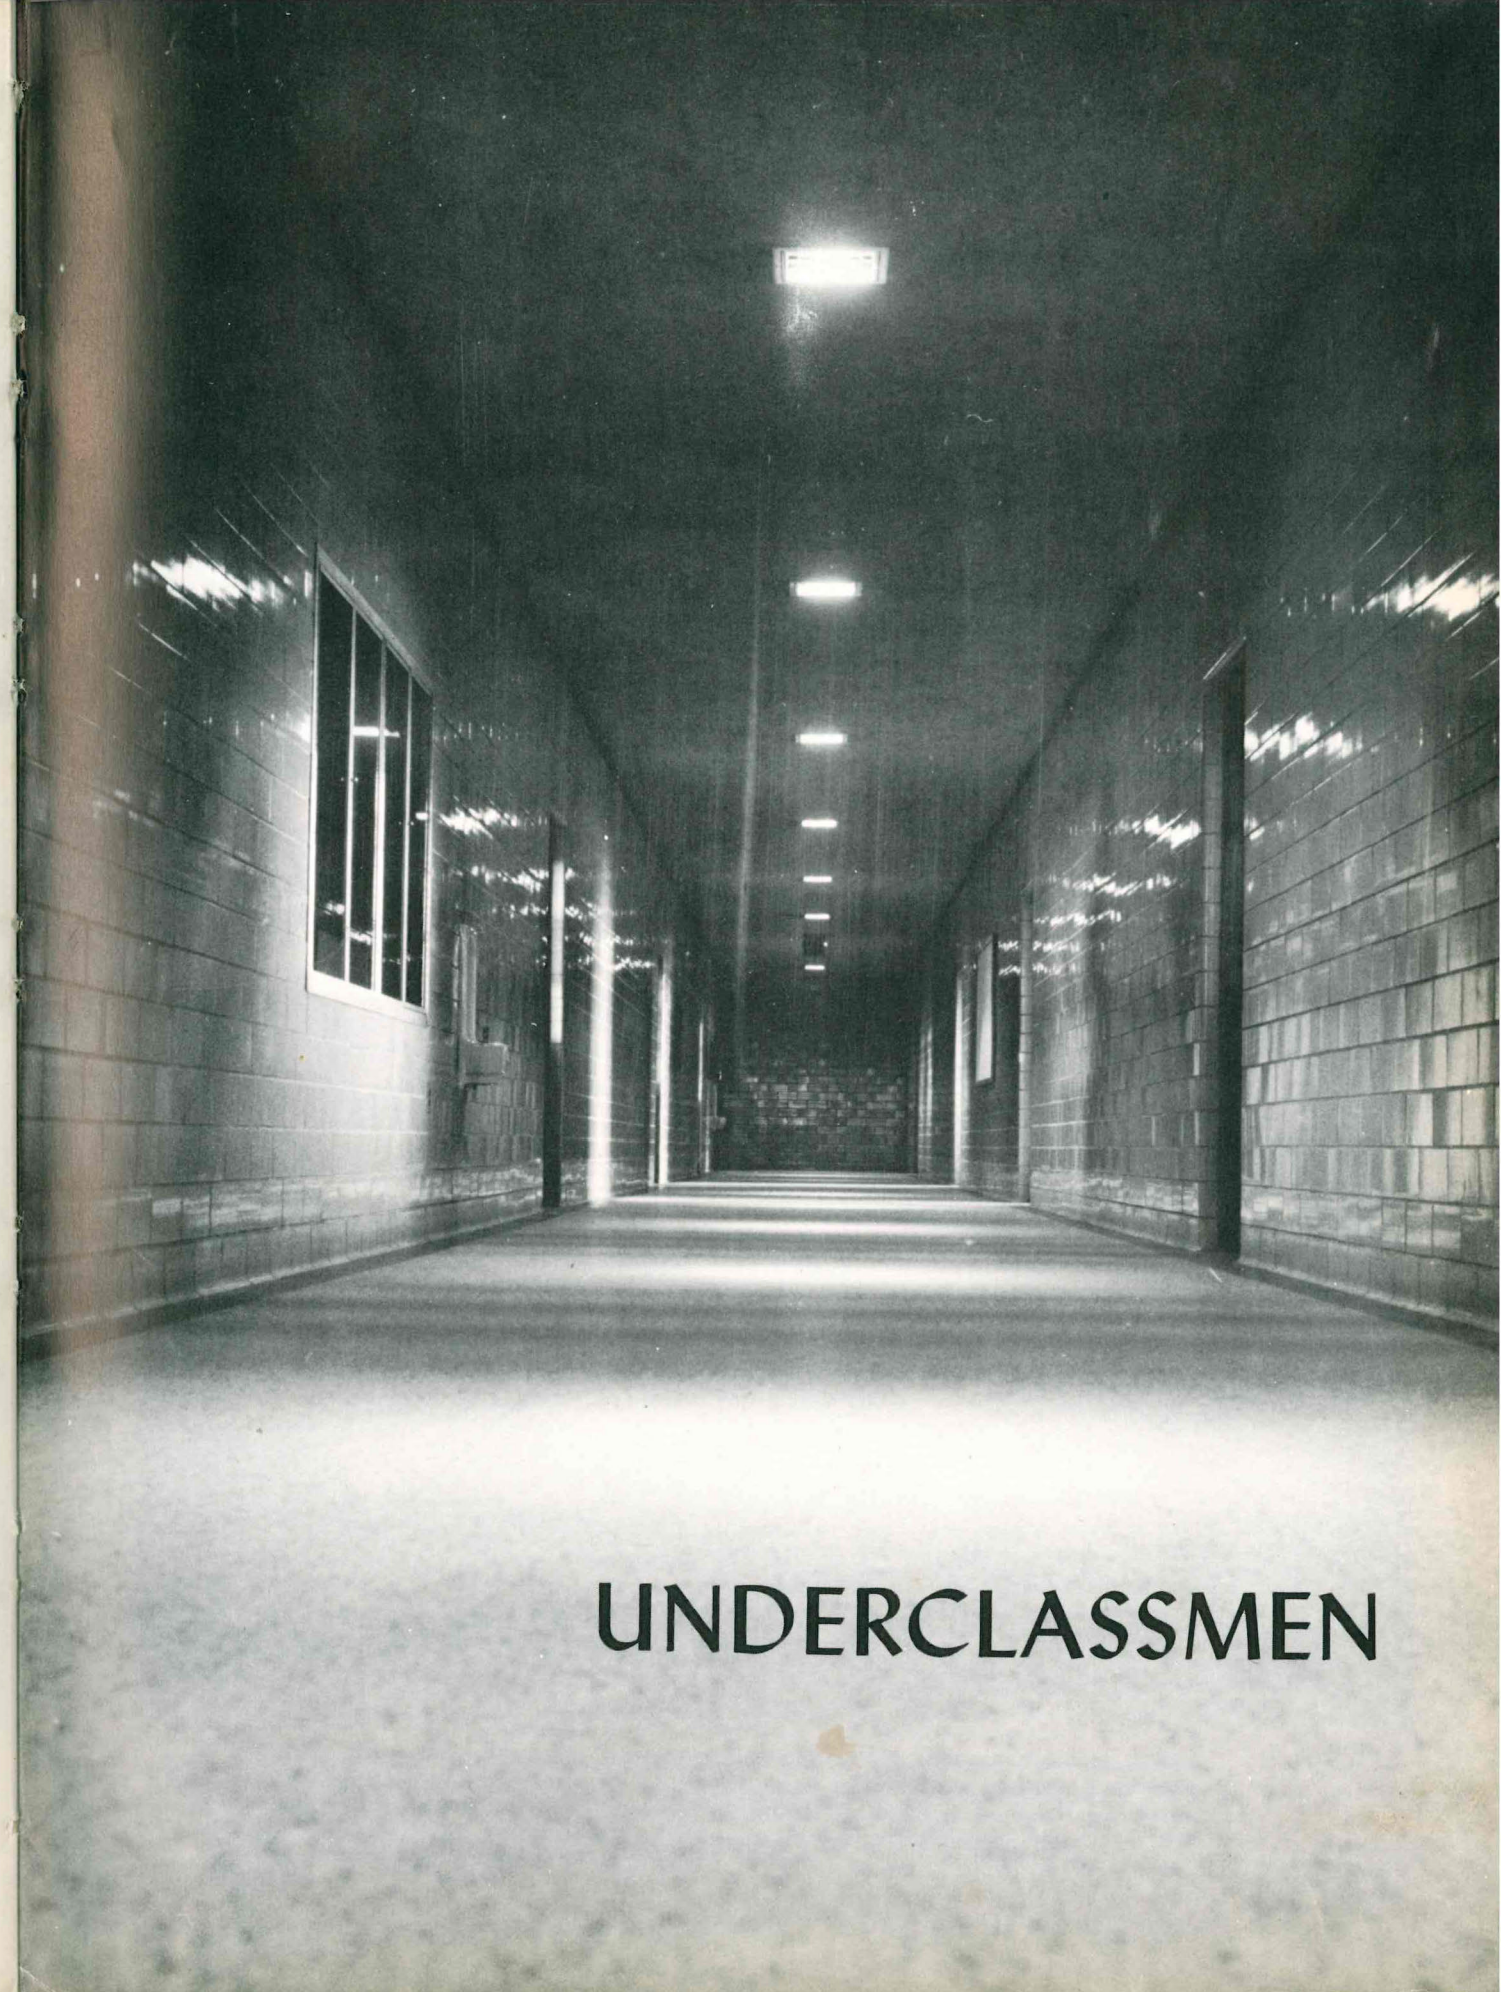

Many of the seniors take advantage of the Diversified Occupation Program whereby they attend school one half day and spend the other half in actual practice in the vocational field in which they are interested.

Billy Tynes, Edison White and Henry Williams (Brick-laying)

Aubrey Herbin, Willie Dolby and Earl Bates (Automobile Mechanics)

Within these halls, we engaged in activities which involved uses of hands as well as head and heart. Classes and activities in the Vocational Department have begun for some of us the occupational pursuits which we will follow; for others, they have provided many interesting and purposeful hours.

Bricklaying, ceramics, auto mechanics, woodwork, mechanical drawing, general shop, home nursing, cooking, sewing typewriting, shorthand, bookkeeping, general business—all of these courses are open to Huntington students.

Ann Walston, Gloria Allen, Fred Spratley, Deloris Moore and Jane Godwin (Typing)

In Our Classes

French recordings help the members of the French class to improve their pronunciation. Cynthia Davis, Timothy Scott, and Alease Rainey are interested in the pronunciation of "la poêle."

Art provides an excellent medium of expression. Fred Phillips, Floyd Jenkins, Christine Dickens, and Dorothy Dunn put finishing touches on their work.

If you think you speak distinctly just play back that recording. Did you sound that final "s" asks Marva?

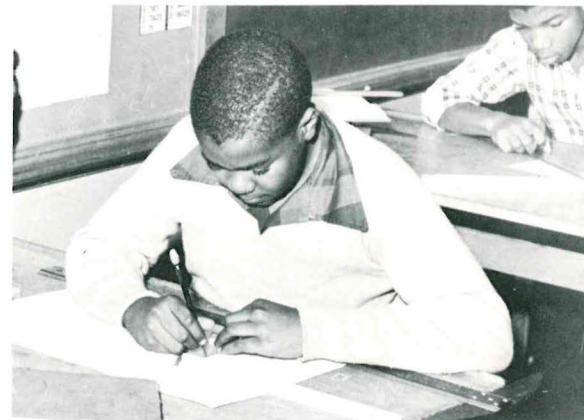

Physical Education Classes provide our daily relaxation periods. Needless to say we look forward with much pleasure to these hours.

"Career Day" is a project of this area. Extra-class activities are:

F. B. L. A.
Industrial Club
N. H. A.
Hobby Club (School wide)

Otis Longford and Ervin Manson (Mechanical Drawing)

William Gray and Benny Woodie (Woodwork)

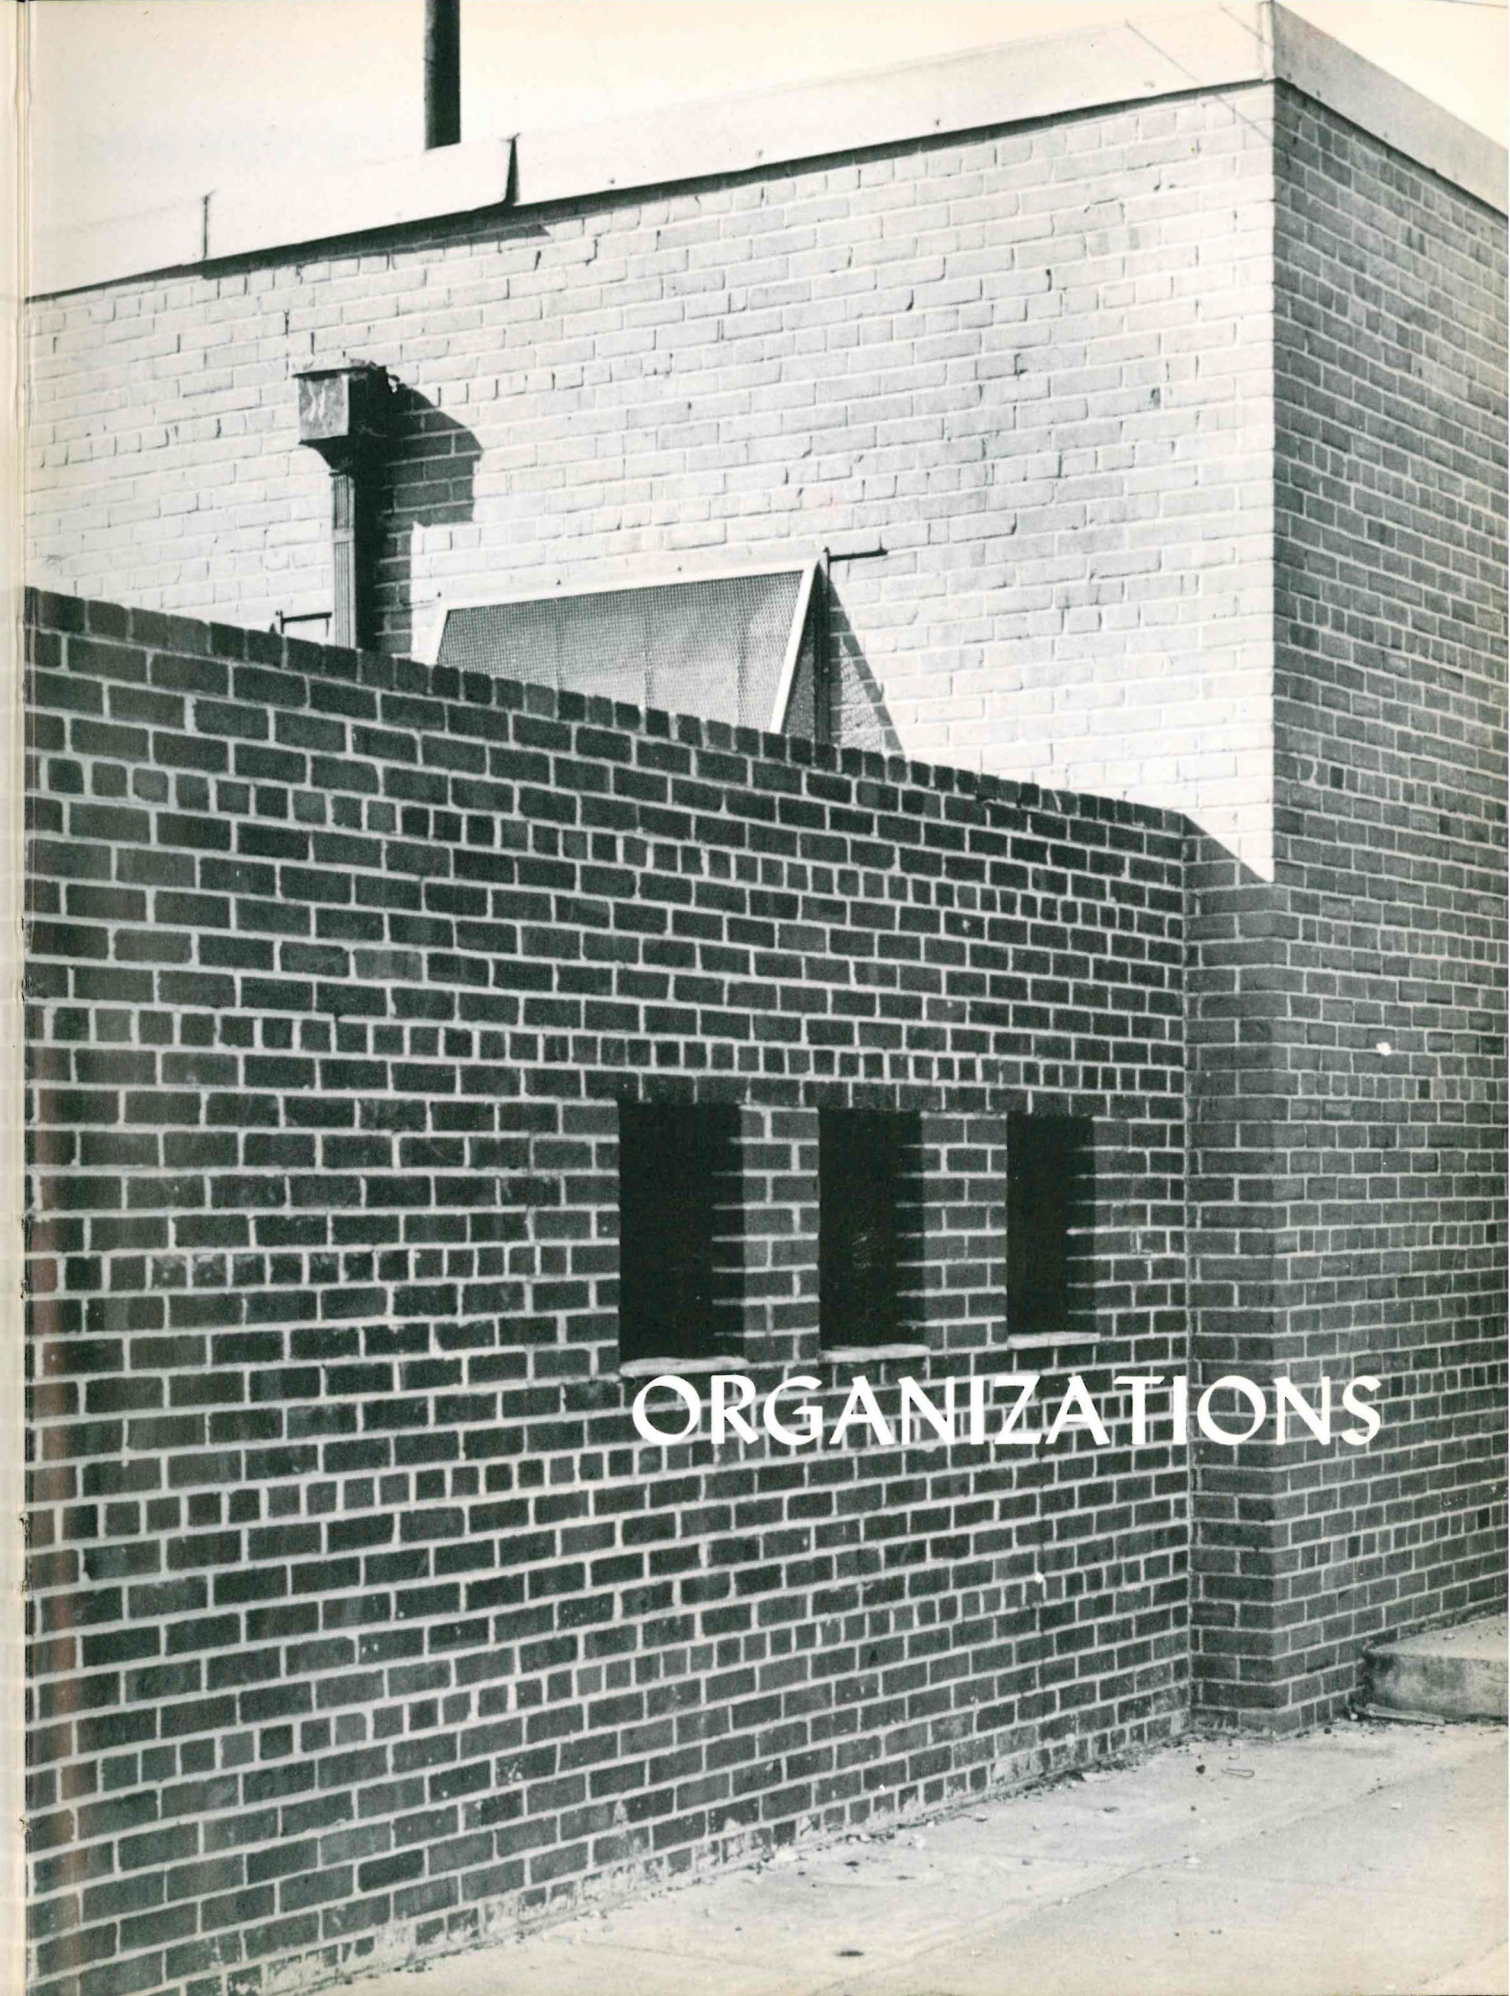

Brenda Plamer, Elsie Walker, and Sylvia Crutchfield (8th Grade Cooking)

Milton Perkins (General Shop)

Edith Dixon, Loretta Pretlow, and Ruth Scott (Foods Class)

Clubs and

Organizations

Huntington High

One of the organizations in our school of which we are justly proud is the Huntington High School Band, directed by Mr. Wray Herring. The Band participates in many community activities and it adds color and enjoyment to each of our football games. This year, it along with the Choir performed superbly be-

School Band

fore a packed auditorium at the Spring Concert. They, too, received a Superior Rating at the Music Festival and had several members chosen for the State Band. We are especially pleased and honored by the invitation to participate in the Apple Blossom Festival at Winchester, Virginia.

Clubs and Organizations

Junior Band

Like all good musicians, members of the Huntington High School senior band must have some place at which they begin. Membership in the Junior Band may be thought of as the beginning place in this case, for it is here that the skill and training that are necessary for participation in the senior band are learned by aspiring members.

All activities, which include performances at assembly programs, participation in the city musical festival and participation in homecoming activities, are learning experiences as well as pleasurable experiences. With Mr. J. L. Turner as director, each member works diligently to master the skills of a good musician and to enjoy good music.

Organizations and Clubs

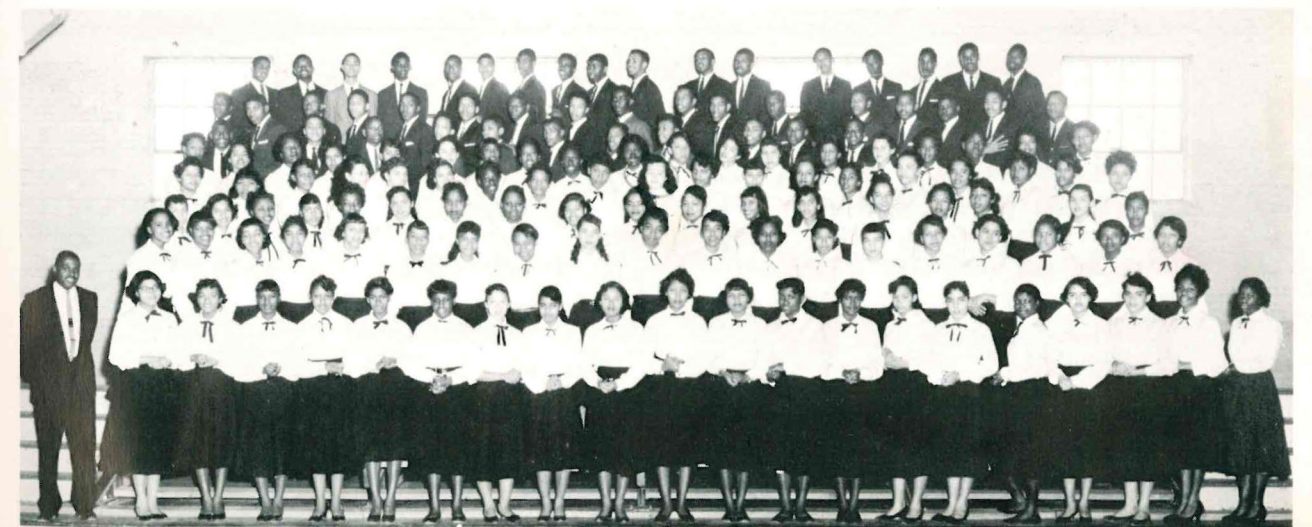

Choir

To teach the pupil the correct methods of vocal production and to acquaint him with the better types of choral music, which in turn increase his understanding and appreciation for the art, is the major purpose of the Huntington High School Choir.

Among the organization's major accomplishments this year were:

1. Annual television Christmas Concert
2. Appearance before the State Teachers Association at Virginia Union
3. Concert at the Teacher's Association meeting in North Cumberland County, Virginia
4. Radio broadcast on Christmas Day
5. Concert at Newport News, Virginia

Clubs and Organizations

Student Council

Our council is composed of students whose chief concern is to participate in the administration of the school program. Such participation furnishes rich experiences in democratic practices. The council becomes a laboratory where students learn how to be good citizens in their community by putting into practice good citizenship principles.

The council has done a considerable amount of work this year on improving council meetings. Improving parliamentary procedure in the meetings has been one of the outstanding projects of the year.

Clubs and Organizations

Math Club

"Seek ye the truth, and the truth shall make ye free" is the motto of the Pythagorean Mathematics Club.

The Math Club provides workshop opportunities for any student interested in Mathematics.

OFFICERS:

President—Robert Simms

Vice-President—Milton Richardson

Secretary—Betty Gross

Assistant Secretary—Alease Rainey

Treasurer—Jerome Atkins

Chaplain—Barbara Starks

Parliamentarian—Robert Woodson

The Huntington Mirror Staff

Striving to serve the school community through the effective use of language skills and journalistic techniques, the members of the Mirror staff work indefatigably to prepare the school publication. Staff activities provide opportunities for the students to react to the many phases of their school life and develop literary talent.

Clubs and Organizations

Dramatics Club

Curtains rise showing the Huntington Players at work on several of their excellent productions; among these are the Tournament play which has always received "Distinguished," and the annual spring production. After the final production, curtains fall on another successful year.

Clubs and Organizations

Hobby Club

This is one of the most outstanding and oldest clubs of Huntington High School. The purpose of this organization is to teach students how to use their leisure time wisely. Members are taught model crafts, arts and crafts, electronics, graphic arts and other crafts.

OFFICERS:

President—Claude Richardson

Vice-President—Theodore Freeman

Secretary-Treasurer—Helen Tobias

Chaplain—Maxine Lawrence

Industrial Club

In 1953 this club was organized in Huntington. It is affiliated with the Industrial Club of Virginia whose headquarters are at Virginia State College, Petersburg, Virginia.

One of the purposes of this organization is to encourage greater interest in the opportunities and requirements of the industrial field and to aid students to make better use of their leisure time.

PRESENT OFFICERS:

President—Arthur Williams

Vice-President—Ephraim Thompson

Secretary and Treasurer—Hallie Davis

Chaplain—Irene Wright

Clubs and Organizations

Social Studies Club

Two of the outstanding purposes of this club are to promote a friendly relation between individuals and to work hand in hand with the student body in an effort to elevate the morale of the school through fostering projects which give all students an opportunity to participate.

OFFICERS:

President—Vernard Stephens
Secretary—Constance Wallace
Chaplain—Clara Lloyd

The New Homemakers of America

This is a national organization. The membership is opened to any student enrolled in homemaking or who has been enrolled in the homemaking course.

There are four specific purposes of the organization which include:

1. the promotion of individual growth by developing physical, social, and moral qualities.
2. the promotion of better home living.
3. the provision of wholesome recreational activities.
4. acting as a unit for giving service to the school, community, state and nation.

All endeavors of the club are efforts to make our motto, "Better Homes for a Better Nation," a reality.

Clubs and Organizations

Future Business Leaders of America

Some of the purposes of this organization are to encourage members in the development of individual projects and in establishing themselves in business, to develop competent, aggressive leadership; to create more interest and understanding in the intelligent choice of business occupations; to strengthen the confidence of young men and women in themselves and their work; to provide and encourage the development of organized recreational activities. Additional purposes are to encourage and practice thrift, to participate in cooperative effort, to develop character, to train for useful citizenship, and foster patriotism, and to participate in worthy understanding for the improvement of business and the community.

The activities for the FBLA this year were the installation of thirty-five new members and the sale of candy at the basketball games.

Among the senior officers are:

President—Marian Payne
Second vice-president—Juanita Perry
Recording secretary—Shirley Griffin
Corresponding secretary—Edith Jefferson
Treasurer—Rosalind Stephenson
Chaplain—Mary Rainey

School Clubs and Organizations

Junior Red Cross

These are the members of the Junior Red Cross, whose main activity is to participate in the National Red Cross Drive.

As a special project, the Huntington High Junior Red Cross collected over 1,500 comic books from the student body to send to hospitalized veterans.

Future Teachers of America

The Charles R. Drew Club of the Future Teachers of America is an affiliate of the National Education Association. The general purpose of the club is to give to students interested in some phase of teaching the opportunity to learn about the profession through participation in activities of the profession.

The program of the club is designed around information, personality development, group processes, and participation in school and community activities.

Outstanding activities for 1956-57 were: Representation at State FTA-VTA meeting; Gifts for Patrick Henry Hospital Patients; Presentation of NEA Centennial Film, "A Desk for Billie"; School-wide Brotherhood Week Devotions; Student Teacher Day; and Presentation of play, "Crisis", written by the president for Charter Day Assembly.

Among the officers in senior class are Gordon Starks, **president**; Ann Carol Raney, **secretary**; Karen Leach, **chaplain**; Alice Ward, **service point secretary**.

Clubs and Organizations

Science Club

Any student who is interested in science may find a chance to advance through membership in the Science Club. This club was organized in 1952 and is affiliated with the Science Clubs of America and the Virginia Junior Academy of Science.

All activities are attempts to embrace the aims of the club as given by the Science Clubs of America which are:

1. to increase our knowledge of science
2. to learn to perfect our skills in science
3. to give our service in our community and nation
4. to understand the importance of science in our lives
5. to help carry out the program of Science Clubs of America.

National Honor Society

The National Honor Society is composed of 20 seniors who have maintained an average of "B" or above. Members are selected by the faculty because of their good character, their high scholarship, their leadership, and service.

In an effort to encourage higher scholarship the society conducted a highly successful scholarship campaign this year. Other activities consisted of participation in the Homecoming Activities, a Christmas Party, and a Valentine party.

OFFICERS of the club are:

President—Eston Bowles

Vice-President—Gordon Starks

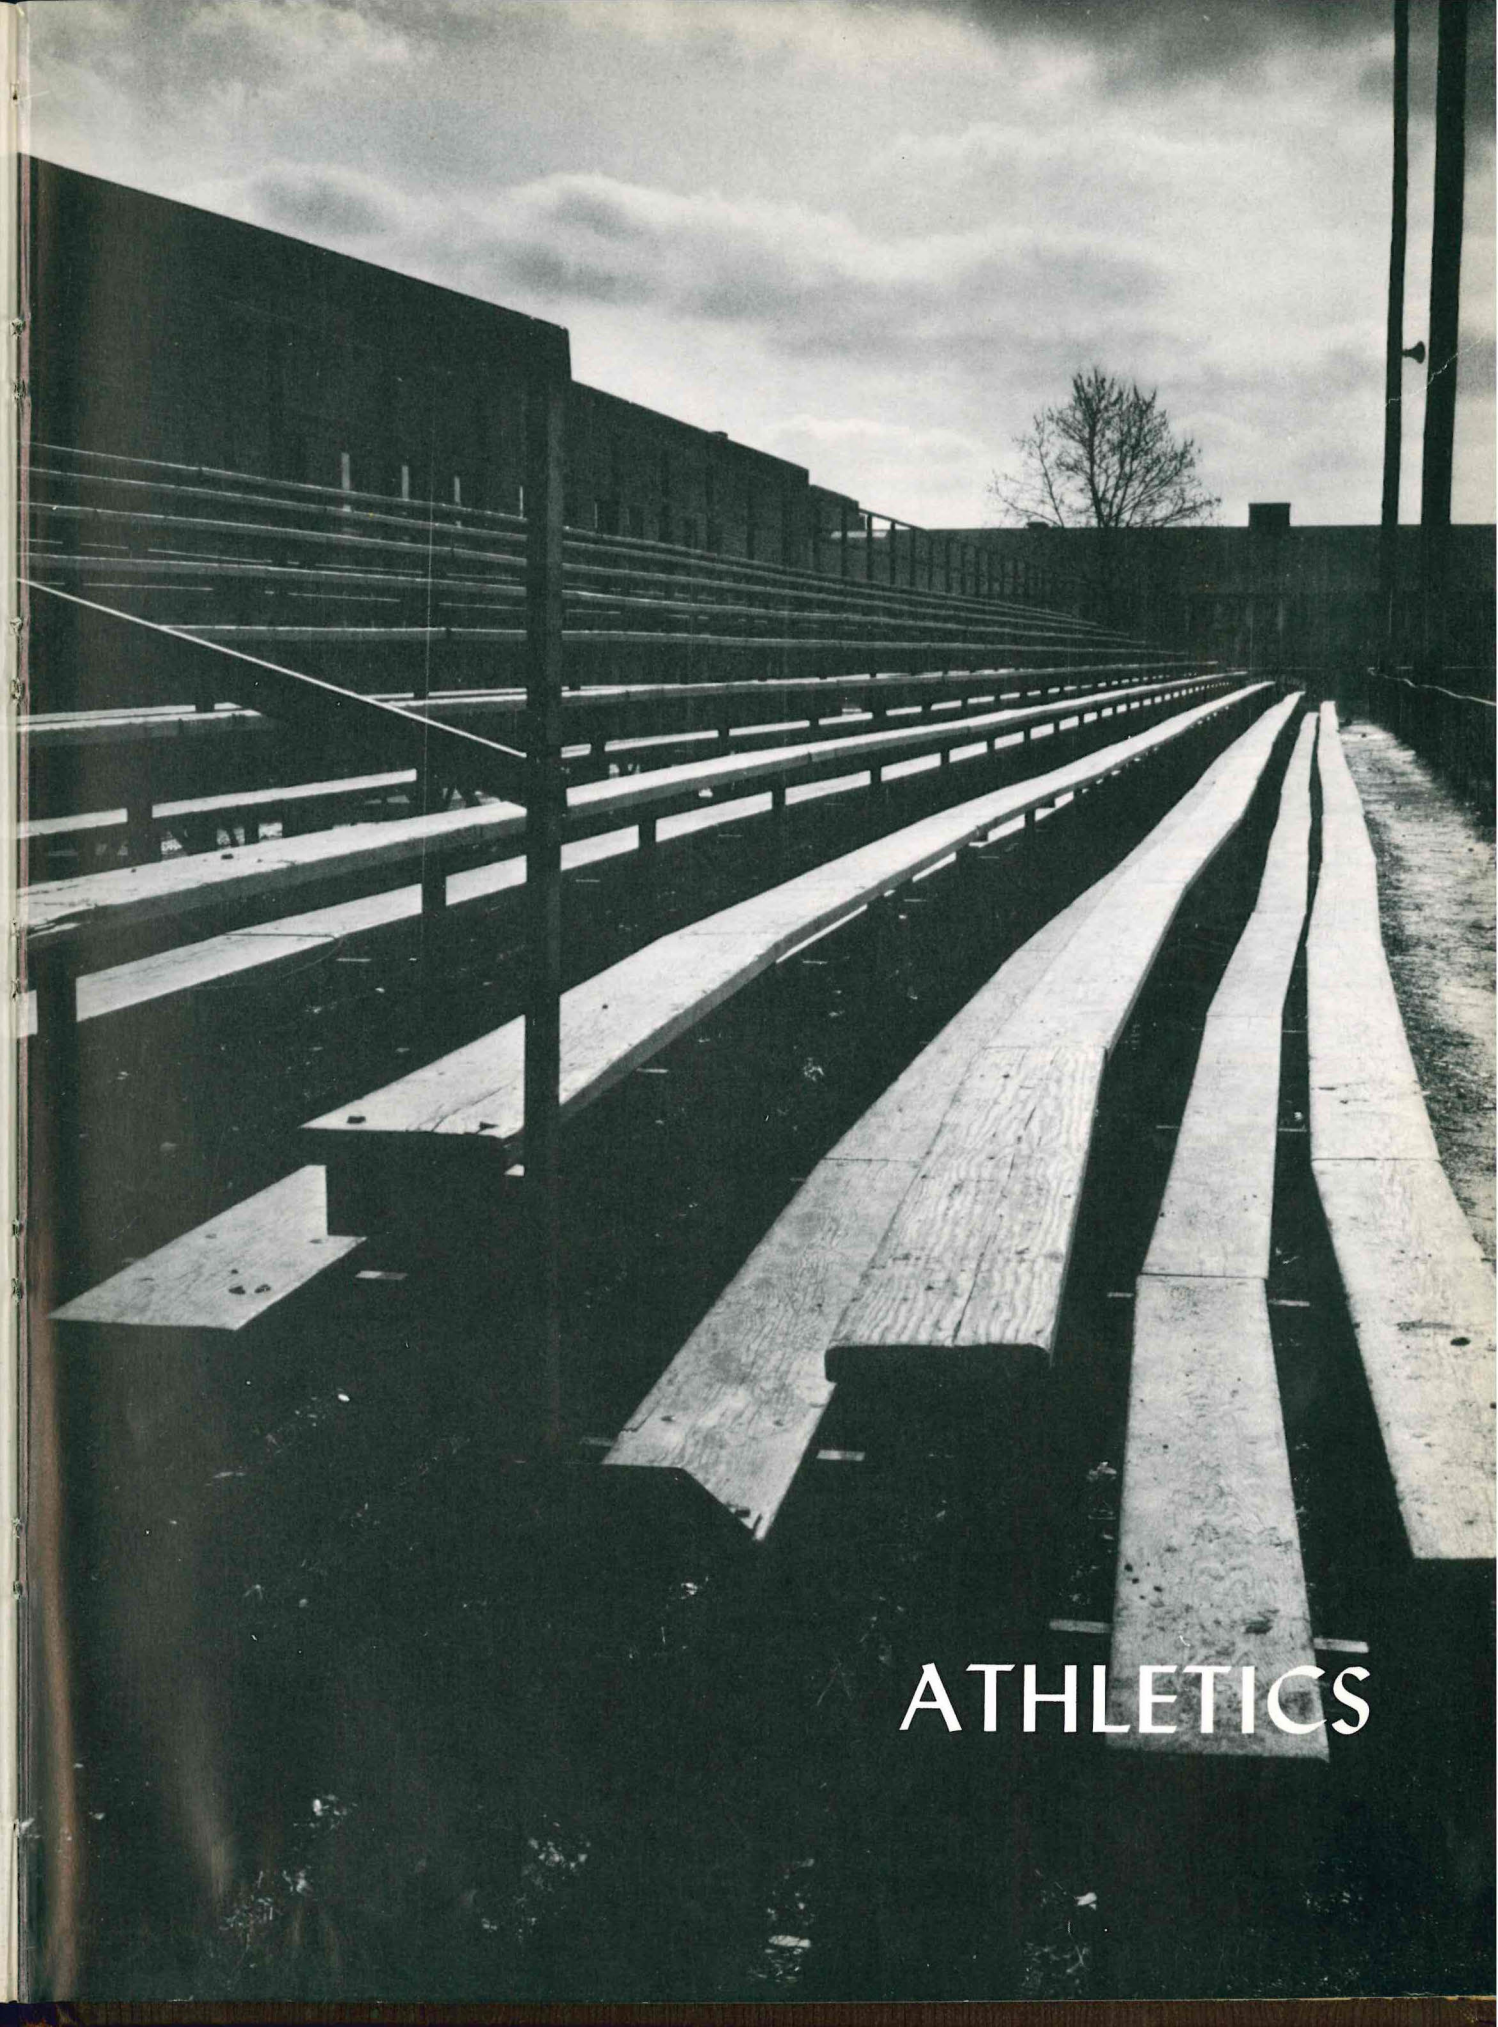

Secretary—Gertrude Fraser

Assistant Sec.—Shirley Griffin

Treasurer—Robert Young

Chaplain—LeRoy Parker

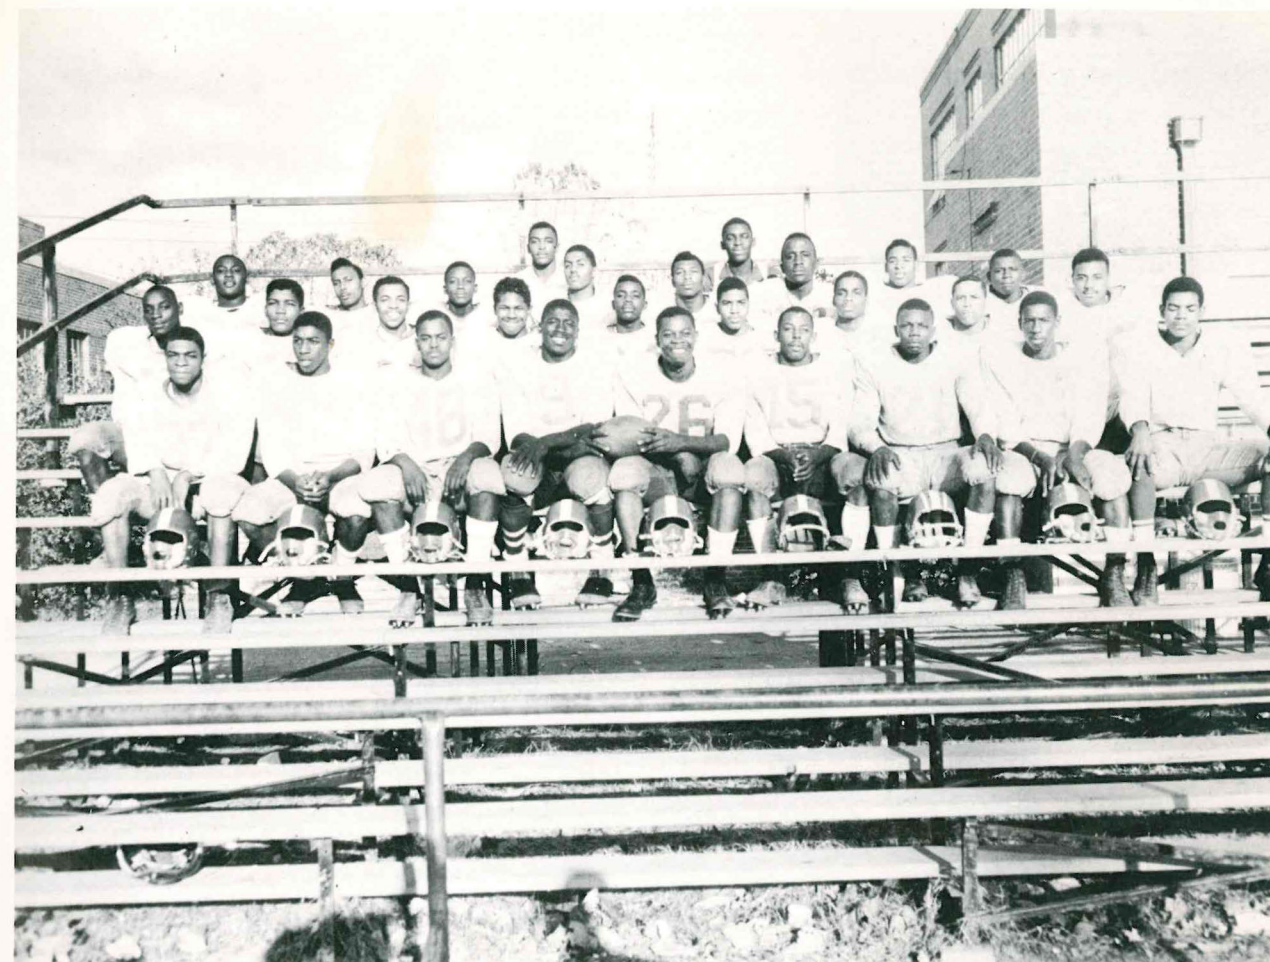

Sponsors—Mr. C. S. Turner, Mr. C. Farrar
Miss L. K. Frazier

ATHLETICS

We, here at Huntington High School, fully believe in developing the body as well as in developing the mind. Proof of the fact that we pay more than lip service to this principle is our extensive athletic program here. Our athletes are not so much concerned with winning as with participating; not so much concerned with bringing glory to Huntington as with representing the school well; and not so much concerned with personal achievement as with working well with the group.

Whether the game played be football, basketball, track, baseball—varsity or inter-scholastic—the aim is to fulfill the ancient maxim “A sound mind in a sound body.” Since neither can realize its full potentiality unless the other does so, we feel especially keen the necessity for insuring the fact that every student who passes through Huntington knows the value of a sound body; and inasfar as his native abilities allow, it is our intent to help him to develop it.

*The Builders Proudly Present
a Blue Riband Speed Winner...The*
S. S. UNITED STATES

Sailing ships built in the Colonies
from 1750 onwards swept all before them
on the oceans of the world.
But not since the SAVANNAH of 1819 and
the Collins Line Ships of 1849, has
America been a successful competitor
for Atlantic steamship honors.
The winning of this honor has done
much to restore the prestige of the
American Merchant Marine
and demonstrate to the
world that shipbuilding in
the United States is
unexcelled.

*Builders of great ships to help keep
America strong on the seas.*
